The Roanoke Chowan Partners for Progress (RCPP2) mission is to coordinate the economic development efforts for nonprofits, local government agencies and community partners within the Roanoke Chowan and Roanoke Valley regions. These efforts will help stimulate a diverse, vibrant and growing local economy.

Join Us at our quarterly meeting! The RCPP2 focus is on making local communities stronger. Our topic for discussion is Cybersecurity Protecting Our Internet Communities! Many of our small communities have the potential risk of being victims to cyberattacks. We will offer resources on how to recognize and prevent a cyberattack. As always, we value your continued support!
